Can you make it one month with little to no income?

Our Poverty Simulation is not a game. It's an exercise that will challenge you to make it through various scenarios and situations that real people and families in poverty face every day. Will you go hungry in order to keep the lights and heat on? What will you do when the landlord issues you an eviction notice? Will you sell your possessions to make ends meet? Work through these scenarios and many others. Join us and develop a better sense of empathy, and respect for those in our community who face financial challenges.

Every 15 minutes lasts "one week" in the poverty simulation. Afterward, we'll have time for follow up discussion among the group of 80 participants.

LOOKING FOR YOUR FAVORITE STORIES AND MEMORIES OF OUR RECTORY

As we move forward with the Knights of Columbus \$10,000 Grant Challenge to preserve our rectory, we are searching for your personal stories of rectory happenings. Our rectory is not just a building. It is an important part of our history as a parish. A beautiful building, that has housed priests since 1901. We want to create a booklet that reflects life in the rectory over the years, from the viewpoint of our parishioners and the priests who have resided there. We want to start with your recollections. Were you married there? Did you ever work there? What is your favorite memory? Did you attend a class in the rectory, a party or a meeting? Please share your stories with us and become part of our parish history. As we repair the exterior and update the interior, your stories will bring the rectory back to life.

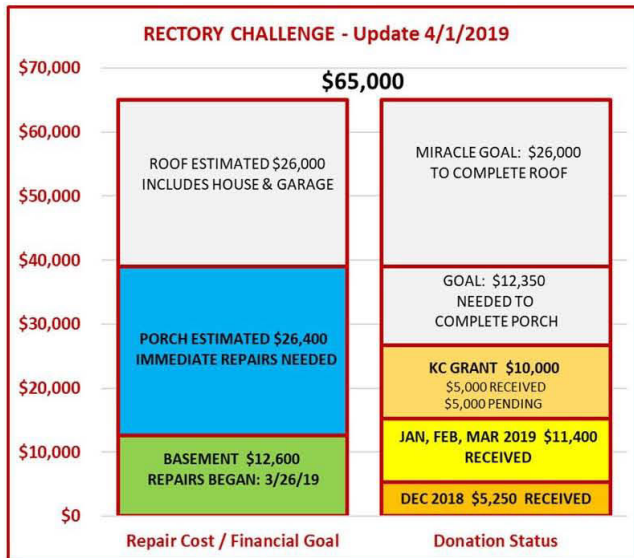

Write your memories down and drop them off at the parish office to the attention of Millie McCormick or email to me at milliemack632@gmail.com

St. Francis de Sales Parish

Preparing for 'Our Next 100 Years'

RECTORY: Repairs / Funding / Short-Long Term Plan

History of the Rectory: The rectory was built in 1901 and has housed at least one or more priests on site since that time. The rectory has been used as the primary residence as well as office and meeting space for resident priests over the years. The building is comprised of 4 bedrooms, 2 offices, a den, living room, dining room, kitchen, laundry room, 4 bathrooms, a front and back stairwell typical of homes of that time period, and a wrap around porch. Other features are a full stone 4 room basement, full stand up unfinished attic, and a two-1/2 car garage with a full upper level.

Current Status and Condition of Rectory:

- The rectory building is sound per the structural engineer hired to review and analyze the needs of the building. A report comprised of 'marked ups' of suggested improvements was generated. Builder / parish member, Chris Weber agreed with the approach, and has provided an estimate for prescribed work.
- Work consists of repair of building structure damaged by a previously poor installation of HVAC. In years past a weight bearing basement support wall was weakened and the center of the rectory developed a slight dip of 3/4-inch. Our structural engineer believes this is correctable. Work has begun to remedy.
- Porch foundation footings are needed (and addressed under the Weber quote). Porch columns, steps, decking, and railings show decay; repairs are required and addressed in quotes received. Numerous, but minor, safety, security, and sanitary tasks have been remedied and completed by volunteers.

Funding Sources:

Our present source of funding combines the following; private donations, fundraising, a planned 2nd collection at Mass, and planned parish budgeting. One successful example of such funding is the **Knights of Columbus \$10,000 Matching Grant which has raised \$15,000** thru matched funds, and another \$5,000 committed funds pending from KC's. This spring we have: scheduled work days; a "Rectory Lawn Party"; and beyond that, we are open to suggestion.

Preparing for 'Our Next 100 Years' - Long Term Vision for Rectory:

- **Primary Use:** That the Parish will continue to reap the benefit of having a resident pastor, associate pastor, seminarian or a deacon (and family) on site, contributing to an integral relationship with the parish. A rectory offers a housing benefit that may present considerable value to some religious staff as a form of compensation. A well-maintained rectory also offers options for housing visiting and substitute priests. The assumption is that a Pastor or Associate Pastor will remain in the rectory. While it is difficult to project future residence, the rectory acts as an incentive in attracting new religious staff members to the parish.
- **Alternative Use:** In the event that religious staff elect not to take residence in the rectory, this building (estimated asset value exceeding \$750,000) offers opportunity as additional office / meeting space. It can also be used as rental property, daycare, housing for a parish director, retired priests, etc. as has been the case with other parishes in the area over the years. Because Lake Geneva is a popular vacation destination, the rectory may also be attractive for retreat groups or vacationing religious members.

Conclusions and Recommendation: A long-term vision for the Rectory is difficult to propose. However, as outlined above, the Rectory is a valuable and flexible asset in terms of use. In conclusion, it is prudent to maintain the value of this asset through regular periodic maintenance and wise but cautious spending decisions as has been and continues to be accomplished by our Rectory Committee volunteers.

The full cost to bring the rectory up to date is \$65,000. That includes: basement structural repairs; repairing/ restoring front porch; and roof replacement as out lined on attached graph. We presently have \$26,650 committed in donations, and hope to raise a minimum of an additional \$12,500 for porch repairs. Our miracle goal of \$38,350 would complete all required repairs. If you would like to make a donation, please contact the Parish Office.

Many blessings to you! Respectfully, The Rectory Committee

THE NATURE OF OUR LIVES

Saturday, April 27, from 9:00 a.m. to 11:15 a.m.

**St. Joseph Center, 1501 S. Layton Blvd.
(Greenfield Ave. at 27th St.), Milwaukee**

In keeping with our congregation's commitment to both artistic creativity and caring for the Earth, the School Sisters of St. Francis will be hosting an April art and spiritual workshop focusing on the beauty of Creation, particularly Milwaukee's rivers, woodlands, lakes, and wildlife.

The workshop titled "The Nature of Our Lives" will be held Saturday, April 27, from 9:00 a.m. to 11:15 a.m. at St. Joseph Center, 1501 S. Layton Blvd. (S. 27th St. at Greenfield Ave.), Milwaukee, the School Sisters of St. Francis' south side campus.

During the two-hour workshop, we will reflect on ways to bring our spirituality in line with a commitment to be caretakers of the natural world, starting in our own neighborhoods. The presentation will draw from *Laudato Si'*, as well as writings by author Annie Dillard, John Muir (a.k.a. "Father of the National Parks"), and others. Participants then will have a chance to create a piece of art using easy-to-control, water-soluble color pencils. All are encouraged to bring along pictures or photos from their personal collections that might help inspire their creativity.

The class fee is only \$20. Advance registration is required to ensure enough materials for everyone, so please sign up by Thursday, April 18. Send cash or checks written to "School Sisters of St. Francis Outreach Events," c/o Donna O'Loughlin; 1501 S. Layton Blvd., Milwaukee, WI 53215. Contact: doloughlin@sssf.org or 414-385-5272. Convenient free parking is available in the St. Joseph Center lot at 29th St. and Orchard St.

The St. Francis de Sales Rectory Committee
would like to thank the Bergsma, Etten, Thometz, Cardiff, Wroblewski, Jensen, & Anonymous families for their very generous donations benefiting the KC \$10,000 Matching Fund Grant Opportunity.

100% of these funds will be used exclusively for the repairs of our beloved historic rectory. Many thanks to the Lake Geneva Knights of Columbus, the Weber Family, & Weber Construction.
